Re: *In re Selenious Acid Litigation*, C.A. No. 24-cv-7791 (BRM)(CLW) (consolidated)

Dear Judge Waldor:

Along with Carlson, Caspers, Vandenburg & Lindquist, we represent Defendants Sun Pharmaceutical Industries Ltd. and Sun Pharmaceutical Industries, Inc. in the above-referenced matter, and write on behalf of the eleven Defendants. We write concerning the January 6, 2025, in-person meet-and-confer session (ECF No. 43) to respectfully request that the Court convert Monday's conference from in-person to remote. Only one issue remains: whether the Plaintiffs' proposed PI briefing schedule is necessary.

Defendants believe this issue is premature and does not warrant an in-person conference at this time. Plaintiff opposes Defendants' request and contends that ARI's proposed PI deadlines are not small issues and will likely require substantial discussion.

By way of background, in furtherance of the parties' submission regarding a proposed schedule in the above-referenced matter (ECF No. 28) and in anticipation of the new complaints asserting U.S. Patent No. 12,150,957 ("the '957 patent") and subsequent consolidation (*see, e.g.*, ECF No. 52), the parties continued to negotiate a consolidated schedule. The parties have now agreed on all dates except the need for the preliminary injunction briefing schedule proposed by ARI. The current state of the parties' efforts to reach an agreement on a schedule, including events regarding the '957 patent, is reflected in the attached Exhibit A.

We thank the Court for its time and consideration of the Defendants' request to convert the January 6 in-person conference to a remote one.

Respectfully submitted,
RIVKIN RADLER LLP
